ABSTRACT

More than 50 million meals are served annually to Colorado's children through the National School Lunch Program, School Breakfast Program, Special Milk Program, and Summer Food Service Program for children. Most of this report is comprised of tables showing average daily participation, meals served, and other statistics about school meal programs in Colorado. The sections of the report are: (1) "Description of Programs"; (2) "Free and Reduced Priced Meals--How to Qualify"; (3) "Revenue Sources"; (4) "Summary of New Meals Initiative"; (5) "Colorado Fast Facts"; (6) "National School Lunch Program Total Meals"; (7) "School Breakfast Program Total Meals"; (8) "Average Daily Participation"; (9) "Average Meal Prices"; (10) "Average Cost to Produce Meals"; (11) "School Districts by County"; and (12) "School Districts by Membership." (BGC)

DESCRIPTION OF PROGRAMS

The health and learning potential of Colorado's Children are enhanced as they enjoy nutritional benefits from Child Nutrition programs. More than 50 million meals are served annually to Colorado's children in the National School Lunch Program, School Breakfast Program, Special Milk Program, and Summer Food Service Program for Children.

The federal programs are administered at the federal level by the Food and Consumer Service, an agency of the U.S. Department of Agriculture. State education agencies and local level school food authorities administer the programs at the local level.

NATIONAL SCHOOL LUNCH PROGRAM

The National School Lunch Program (NSLP) is the oldest and largest of the Child Nutrition programs, celebrating 50 years. It is a federally assisted meal program that provides balanced, low-cost or free lunches to millions of children nationwide each school day. Schools that choose to participate in the lunch program receive cash subsidies and donated commodities from the U.S. Department of Agriculture for each meal they serve. In return, they must offer free or reduced price meals to eligible children.

Additional reimbursement is provided for each lunch served free or at a reduced price to eligible individuals. Children from families with incomes at or below 130 percent of the poverty level are eligible for reduced price meals.

The reduced price shall not exceed 40 cents for lunch and 30 cents for breakfast. Children from families over 185 percent of poverty pay a full price established by each school district.

In addition to financial assistance from the United States Department of Agriculture, donated food assistance helps to support the infrastructure of the program. Schools are entitled by law to receive 14.25 cents in commodity foods, called "entitlement" foods, for each meal they serve. In addition to these foods, schools can receive certain additional commodities known as "bonus" commodities, and are available from surplus stocks purchased by USDA under its agricultural price support programs.

Since 1946, the National School Lunch Program has made it possible for schools to serve appealing lunches designed to meet the needs of children. Schools participating in the program must meet a "meal pattern," established by the Department of Agriculture, that offers students specific minimum amounts of five food items: meat or meat alternate, bread or bread alternate, milk, and two fruits and/or vegetables.

These meals make an important dietary contribution by providing approximately one-third of the Recommended Dietary Allowances (RDA), vital to a child's mental and physical development. The RDAs are those amounts of nutrients considered adequate to meet the known nutritional needs of practically all healthy persons in the United States.

DESCRIPTION OF PROGRAMS

SCHOOL BREAKFAST PROGRAMS

Several studies have indicated that a child's ability to learn and perform academically is hindered by the lack of an adequate breakfast. The School Breakfast Program provides a nutritious morning meal. It offers financial assistance similar to the NSLP. The meal pattern is designed to provide 25 percent of the child's Recommended Dietary Allowances.

SCHOOL BREAKFAST START-UP GRANTS

In 1989, to assist states in expanding school breakfast programs, Congress established a fund providing competitive grants to states for one-time expenses associated with starting school breakfast programs. This five-year program provided \$3 million in fiscal year 1990 and is providing \$5 million per year through fiscal year 1994. Schools receiving start-up funds must agree to operate the program for at least three years. The purpose of the start-up grants is to increase the number of schools participating in the School Breakfast Program, particularly those schools serving low-income children. Application must be made for consideration for grant money. Grant award is based on the number of low-income children that may be reached by the start-up effort, and the cost effectiveness of start-up projects.

Thirty-two schools in Colorado received grant money for FY 93 and FY 94, totaling \$164,097. In FY 95 expansion grant money was awarded to four school districts totaling \$15,735.

SPECIAL MILK PROGRAM

The Special Milk Program offers milk to children who do not have access to the National School Lunch or School Breakfast Program. This includes preschool and kindergarten children attending split-session schools; children attending schools that do not participate in the other programs; or children attending summer or year-round camps. Participating schools and institutions receive reimbursement from the federal government for each half-pint of milk served.

SUMMER FOOD SERVICE PROGRAM FOR CHILDREN

The Summer Food Service Program funds nutritious meals and snacks for children in needy areas when school is not in session during the summer. In 1995, more than 15,300 children in Colorado participated in the program. Programs are operated by public and private nonprofit schools, public or private nonprofit residential summer camps, and by units of government. Sponsors receive financial assistance, USDA donated foods, and are reimbursed for up to four meals a day.

Any child age 18 and under, or any person over 18 who has a disability and who participates in a program for the mentally or physically disabled, is eligible to receive meals through the Summer Food Service Program. This program continues the food assistance received during the school year under the National School Lunch and School Breakfast programs.

DESCRIPTION OF PROGRAMS

NUTRITION EDUCATION and TRAINING PROGRAM

The Nutrition Education and Training Program (NET) offers valuable nutrition training for teachers, students, food service personnel, and parents. Nutrition education audiovisuals are available, as well as nutrition education curricula for various grade levels. In-service workshops for teachers and classroom presentations for students emphasize current nutrition topics and blend nutrition education with other subject areas. Workshops provide intensive classroom and hands-on training opportunities for food service professionals throughout the state. NET grant money is also available to school districts.

DIETARY GUIDELINES: IMPLEMENTATION AND EFFORT IN COLORADO

- All Colorado programs offer a form of low-fat milk; preference is given to 1% milk as the primary low-fat milk.
- Fresh fruit or fruit packed in its own juice or light syrup is being served in place of baked goods.
- The amount of fat and sugar in dessert recipes has been reduced, as well as the frequency they are served.
- Schools are using USDA commodity ground turkey and skinless chicken in their recipes.

- School districts drain the fat off meats. This method of rinsing cooked, drained meat with hot water produces a very lean meat product.
- Schools offer a minimum of 8 servings of bread/bread alternate products per week. USDA/HHS Food Guide pyramid recommends consumption of 6-11 servings of bread/bread alternate servings daily.
- Nutrition Education and Training Grant money is available to school districts to assist in the nutrient analysis of menus.
- The Nutrition Unit provides a week long summer workshop for food service personnel, with emphasis on nutrition, menu planning, and food service management.
- Twenty school menus have been planned and nutritionally analyzed for the Colorado *Dine* program sponsored by the American Heart Association of Colorado.
- Schools are serving cooked vegetables and rolls without butter.

DESCRIPTION OF PROGRAMS

COLORADO NETPRO

Congress has mandated that the National Food Service Management Institute in Mississippi compile a cadre of trained professionals to deliver food service management training to all Child Nutrition personnel in each state.

The Nutrition Unit has established a statewide training support system for Colorado called NETPRO (Network for Professionals). It will provide on-going training in various aspects of School Food Service resulting in quality Child Nutrition Programs and healthy children.

NETPRO Goal and Objectives:

Goal: To enhance the training skills of those who train others as part of developing a network for professionals for staff development in Colorado.

Objectives:

1. Increase the knowledge base of each participant relative to "train- the- trainer" skills.
2. Provide each participant an opportunity to use effective presentation skills.
3. Facilitate the development of an Action Plan for Delivering Training for each participant.
4. Provide a positive training experience for the participants.

Colorado NETPRO currently has 20 instructors to conduct on-going training in Child Nutrition programs in Colorado in seven (7) regions. NETPRO instructors teach 10-hour courses for the American School Food Service Association (ASFSA) certification. Instructors will also assist school districts in the implementation of the New Meals Initiative. The New Meals Initiative requires school districts to offer meals that meet the *Dietary Guidelines for Americans*.

NETPRO instructors also train in all aspects of child nutrition, including but not limited to:

Special Needs (pending)	Food Buying Guide
Safety and Sanitation	Modifying Recipes
Personnel Management	Standardized Recipes
Basic Math Skills	

Training sessions are five to ten hours in length.

School districts interested in using a NETPRO instructor may schedule a class through the Nutrition Unit. Instructors will be paid \$30 per instructional hour (plus travel expenses) for out-of-town sessions. School districts will be billed through the Colorado Department of Education.

FREE AND REDUCED PRICE MEALS - HOW TO QUALIFY

At the beginning of each school year, letters and notices are distributed to all households of children attending school. The letter or notice advises households that school nutrition programs are available and that meals may be available free or at a reduced price. An application form is included with the letter or notice.

Households may qualify by the following methods: (1) Categorical Eligibility, (2) Income Eligibility (Family size and Income), or (3) Direct Certification.

♦ Categorical Eligibility

Families receiving Food Stamps or Aid to Families with Dependent Children (AFDC) benefits are automatically eligible for free meals. Such households must provide current food stamp or AFDC case numbers on the application for free and reduced price meals to establish their categorical eligibility.

♦ Income Eligibility (Family Size and Income)

Families may qualify on the basis of family size and income. Any child from a household whose current income is at or below the household size/income limits set forth in the income eligibility guidelines is eligible for either free or reduced price meals. Such households must provide household size and income information on the application for free and reduced price meals, to enable school officials to compare the household information to the Income Eligibility Guidelines.

1995-1996 Income Eligibility Guidelines

Family Size(#)	Free Meals (\$)	Reduced Price Meals (\$)
1	\$9,711	\$13,820
2	\$13,039	\$18,556
3	\$16,367	\$23,292
4	\$19,695	\$28,028
5	\$23,023	\$32,764
6	\$26,351	\$37,500
7	\$29,679	\$42,236
8	\$33,007	\$46,972
Each Add'l +	\$3,328	\$4,736

♦ Direct Certification

Direct Certification is the process of establishing children's categorical eligibility for benefits by obtaining documentation that children are from households currently receiving food stamps.

School district student data is matched with data from documentation obtained directly from the Food Stamp agency. Paper work is reduced as separate applications are not required by students identified as eligible through this process. This expedites the eligibility determination process for both the school district and parents.

REVENUE SOURCES

Cash assistance for the National School Lunch Program, School Breakfast Program, Special Milk Program and Summer Food Service Program for Children is made available from the Food and Consumer Service, United States Department of Agriculture. Federal reimbursements are highest for meals served free, but schools receive some reimbursement for full price meals.

These funds flow through to the program sponsors as reimbursement for meals served, in accordance with the provisions from each of these programs. The State of Colorado does not provide cash assistance to the sponsors of these programs.

The remaining funds to fully cover the cost of the programs come from children's payments, district subsidies, or other local sources. Schools may not charge more than 40 cents for a reduced price lunch. Each local district sets its own price for a full price meal.

Cash assistance payments are composed of a general cash assistance payment, authorized under section 4 of the National School Lunch Act, and a special cash assistance payment, authorized under section 11 of the Child Nutrition Act.

General cash assistance is provided for all lunches served to children in accordance with the provisions of the NSLP. Subsidized lunch (paid lunch) means a lunch served to children who are either not eligible for or elect not to receive the free or reduced price benefits. A paid lunch

student pays for a large portion of his or her lunch, and is supplemented by USDA's subsidy, currently \$.1725.

An additional 2 cents per lunch is added to the general assistance reimbursement level in schools in which 60 percent or more of the lunches in the second preceding year were served at free or reduced price reimbursement levels.

The School Breakfast Program provides cash assistance similar to the National School Lunch Program. Schools may charge no more than 30 cents for a reduced price breakfast. As with lunch, each local district sets its own price for a full price meal.

Individual schools within a school food authority are eligible for severe need funding if 40 percent or more of their lunches were served free or at a reduced price during the second preceding year, and if preparation costs exceed the regular breakfast reimbursement. "Severe need" reimbursement is available only for free and reduced price breakfasts.

Each school district sets its own price to charge paid students for lunch and/or breakfast meals. The low cost of the meals is truly a nutritional bargain for parents and the child.

SUMMARY OF NEW MEALS INITIATIVE

The Healthy Meals for Healthy Americans Act of 1994 signed into law on November 2, 1994, which amended section 9 of the National School Lunch Act, requires meals served under the National School Lunch Program (NSLP) and School Breakfast Program (SBP) to meet the *Dietary Guidelines for Americans* beginning July 1, 1996.

The current meal patterns which require serving specified foods will be replaced by Nutrient Standard Meal Planning (NuMenus), Assisted Nutrient Standard Menu Planning (Assisted NuMenus) systems, or Food-based menu planning systems. Choosing any of these systems will meet the *Dietary Guidelines* requirements.

The requirements of NuMenus are *nutrient based*. NuMenus and Assisted NuMenus will use computer software and a National Nutrient Data Base to help plan and adjust school menus. This system will ensure that meals meet specific nutritional standards including key nutrients (protein, calcium, iron, Vitamin A, Vitamin C), and recommended levels of fat ($\leq 30\%$) and saturated fat ($\leq 10\%$), as measured over a school week. Other menu components which will be analyzed include calories, cholesterol, sodium, and dietary fiber.

Food-based menu planning systems provides a third option for local school districts. The current meal pattern structure will be retained in terms of components. The quantity requirements change to meet the goal of compliance with the *Dietary Guidelines*. Portion sizes for vegetables/fruits and grains/breads will be increased and reflect nutrient needs for K-6 and 7-12.

The School Breakfast Program pattern under the Food-based system will not change. Similar to the National School Lunch Program (NSLP), the School Breakfast Program will be required to comply with the *Dietary Guidelines*.

COLORADO FAST FACTS

- ♦ Over \$50 million in federal funds support Colorado's Child Nutrition programs
- ♦ Colorado schools serve 47.6 million lunches and 6.9 million breakfasts each year
- ♦ Over 3,000 food service professionals serve Colorado's children each day
- ♦ Child Nutrition programs have a direct economic impact of over \$150 million each year in Colorado
- ♦ \$8 million in USDA donated foods are distributed to Colorado Child Nutrition sponsors
- ♦ The **nutritional goal** for school lunches is to provide approximately one-third of the Recommended Dietary Allowances (RDA)
- ♦ Over 650 schools participate in the School Breakfast Program (SBP)
- ♦ School breakfasts provide a good start toward meeting a child's daily nutritional needs of food energy, protein, vitamins, and minerals, meeting approximately one-fourth of the Recommended Dietary Allowances (RDA)
- ♦ Average daily participation in the National School Lunch Program (NSLP) is 285,915
- ♦ Average daily participation in the School Breakfast Program (SBP) is 43,632
- ♦ Total number of schools participating in the:

NSLP	1,296
SBP	656
- ♦ Total Number of sites:
